

# MANHATTAN COMPLEX

## 曼哈顿情结

Though Shanghai and New York are separated by the whole Pacific Ocean, they are like a pair of twin cities, lead the economy trend of the world nowadays and promote the development of global cities. The Bund and Manhattan are the souls of the two cities. They are the same prosperous and modern, constantly integrate the most vanward life concept in the world and play important roles in the

development of human city. This time the designer Lei Fong cooperates with China Resources Property to design this show flat and bring Manhattan metropolitan style into Shanghai. This kind of unique design and exquisite works of art make the space present modern and avant-garde tone and full of elegant temperament like the art museum.

Urban elites are a group of people who pursue material lives and have artistic tastes. To design spaces for them is a challenge to designers' understanding of art. The designers deeply know that what urban elites pursue is not only a luxurious house but also a perfect combination of material life and artistic taste.

Design of the living room is eclectic and the technique is bold and free. The designers inject dazzling orange and noble purple into the space and use modern splicing carpet to collocate with classical art sculpture, which is like Manhattan's broad feelings of collecting global multi-cultures and containing different styles in different countries, presenting dreamlike colors and extraordinary elegant temperament of international metropolis. Modern geometric gold round droplight in the dining room matches with emerald dazzling tableware, making the space shine luxurious and modern intoxicating magic of the international metropolis. The dining room and kitchen are linked by the western kitchen bar; the bar, family hall, dining room and Chinese kitchen form a strong interactive relations with a panoramic view of the Bund scenery. The freestanding elevator lobby displays works of art from Simard Bilodeau art gallery, making the space bloom as the art museum.

The spacious and bright master bedroom ensures the living comfort with sense of space. Background wall and top wall are linked naturally by arc designs. Gilding blue velvet pillows and art paintings on the wall bring residents luxurious feelings of texture residence and metropolitan plots of converging world tide front-end culture. Silent white and quiet blue in the study match with paintings full of Oriental flavors, creating a warm and comfortable reading and leisure environment. Bathroom of the master bedroom has an international sense and mixes Shanghai style. Bathing area design breaks the original pattern; the designers use large piece of French window to bring sunshine and beautiful scenery into interior, giving the heart the baptism of the nature. The ground mirror in the cloakroom extends the space and brings outdoor scenery into interior. Large area of circular terrace links up every space. The terrace with dining area and several recreational areas can completely satisfy various parties of celebrities and elites. Here you can appreciate the beautiful scenery of the Bund, forget the intense urban life and enjoy the comfort and leisure.

上海与纽约虽然隔着整整一个太平洋，却像一对孪生城市一样，引领着当今世界的经济风潮，推动着全球城市的发展。外滩和曼哈顿是两座城市的灵魂，他们一样的繁华、摩登，不断地融合全球最先锋的生活理念，成为人类城市发展史上极其重要的角色。这次，设计师方磊与华润地产合作，设计华润外滩九里的顶平样板房，将曼哈顿的大都会风带入上海。这样的独特设计加上精致的艺术品陈列，使得这个空间既展现出现代前卫的格调，又充满了艺术博物馆般的优雅气质。

都市精英是既要求物质生活，又有一定艺术品位的群体。为他们做空间设计，非常考验设计师的艺术领悟力。设计师深知都市精英们所追求的居所不单是一座豪华的房子，更是要将物质生活和艺术品味做完美的结合。

客厅空间的设计不拘一格，手法大胆自由。设计师将耀眼的橘色、高贵的紫色融入空间中，用现代感十足的拼接地毯搭配古典韵味的艺术雕塑，宛若曼哈顿汇集全球多元文化包容各国不同风情的宽阔情怀，展现出国际都会的梦幻色彩与超脱浮华的高雅气质。餐厅现代几何造型的圆形金色吊

灯搭配色彩如祖母绿般耀眼的餐具配饰，让这个餐厅空间闪耀着国际都会奢华摩登的醉人魔力。餐厅和厨房由西厨吧台连接，吧台与家庭厅、餐厅及中厨形成强有力的互动关系，将外滩美景尽收眼底。独立式的电梯前厅陈列着西马德 - 比洛多画廊的艺术品，让空间像艺术博物馆一样绽放。

宽敞明亮的主卧空间感十足，保证居住的舒适性。墙背景与顶面用弧线设计自然衔接。烫金花纹的蓝色天鹅绒抱枕与墙上艺术画，无不时刻给居住者带来品质居所的奢华感和汇聚世界潮流前端文化的都会情节。书房肃静的白色与一抹幽蓝搭配东方韵味的挂画营造出温馨舒适的阅读休闲环境。主卧卫生间具有国际感又融合了海派风格。沐浴区的设计打破了原始格局，设计师采用大片的落地窗形式将阳光与美景引入室内，让心灵得到自然的洗礼。衣帽间落地明镜将空间延伸并把户外美景带入室内。

大面积的环形露台衔接每个空间。露台分布着餐区以及若干休闲区域，完全可以满足名流和精英们的各种聚会。在这里欣赏着上海滩的美丽景色，似乎可以忘记紧张的都市生活，只享受一份惬意与悠然。
